

AD5933::set_step_number

```
graph LR; A[AD5933::set_step_number] --> B[AD5933::write_register]; B --> C[AD5933::read_register];
```

The diagram illustrates a three-step process for the AD5933 chip. It begins with a gray-shaded box labeled 'AD5933::set_step_number'. A blue arrow points from this box to a white box labeled 'AD5933::write_register'. Another blue arrow points from the second box to a third white box labeled 'AD5933::read_register'.
